

Course calendar 2026-2027

September 2026 - January 2027	September					October				November					December				January				February	
	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	1	2	3	4	5	6
	31/08/2026	07/09/2026	14/09/2026	21/09/2026	28/09/2026	05/10/2026	12/10/2026	19/10/2026	26/10/2026	02/11/2026	09/11/2026	16/11/2026	23/11/2026	30/11/2026	07/12/2026	14/12/2026	21/12/2026	28/12/2026	04/01/2027	11/01/2027	18/01/2027	25/01/2027	01/02/2027	08/02/2027
Action and participation in research and social change																			6	11	20	27	5	
Brush up your SPSS skills																					13			
Communicating your research to non-academics												19	26											
EGSH summer school: Visual ethnography as a qualitative research method				21-25																				
English Academic Writing for PhD candidates (Edition 1)					28	5	12		26	2	9	16	23	30										
English Academic Writing for PhD candidates (Edition 2)					28	5	12		26	2	9	16	23	30										
Focus group research (Edition 1)								28	4	11	18													
Generative AI for research and writing (Edition 1)								27	3	10														
Generative AI for research and writing (Edition 2)																				19	26		2	
Geographical Information Systems			16		30		14		28															
How to get your article published (Edition 1)									3	10		24												
How to manage your PhD project (Edition 1)									6															
Intervention for PhD candidates: Peer support for resilient and sustainable academic work (Edition 1)					30																			
Maximise your visibility as a researcher: An introduction to author identifiers and researchers profiles (Edition 1)									3															
Mixed-methods research: how to combine diverse quantitative and qualitative methods (Edition 1)									2	9	16	23												
Multi-Level Modeling												25	2	9	16									
Open science and research transparency (Edition 1)									2	9	16	23	30											
Open science and research transparency (Edition 2)									2	9	16	23	30											
Personal power during and after your PhD: Using your inner compass as a signpost									3	10	17	24												
Philosophising your research																			7	14	21	28		
Prepare your publication package (Edition 1)										11														
Professionalism and Integrity in research (Edition 1)					2																			
Professionalism and Integrity in research (Edition 2)													4											
Professionalism and Integrity in research (Edition 3)																						26		
Public Speaking (Edition 1)												24	1	9	15									
Qualitative coding and analysis of textual data with ATLAS.ti										10														
Qualitative Data Analysis with Grounded Theory											17	24	1		15									
Qualitative interview techniques										11	18		2											
Research synthesis and meta-analysis																			6	13	20	27		11
Science meets entrepreneurship: Developing an entrepreneurial mindset									1															
Searching and managing your literature (Edition 1)							7																	
Survey design						1	8	15																
Visual exploration of scientific literature with VOSviewer															7,9									

February 2026 - July 2027	February				March					April				May				June				July				
	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
	01/02/2026	08/02/2026	15/02/2026	22/02/2026	01/03/2026	08/03/2026	15/03/2026	22/03/2026	29/03/2026	05/04/2026	12/04/2026	19/04/2026	26/04/2026	03/05/2026	10/05/2026	17/05/2026	24/05/2026	31/05/2026	07/06/2026	14/06/2026	21/06/2026	28/06/2026	05/07/2026	12/07/2026	19/07/2026	26/07/2026
(Co-)creating knowledge and change: Design in research						12	19	25	2	9																
Bounce back: handling the mental and emotional challenges of doing a PhD															13	20	27									
Building your research proposal																		3	10	17	24	1				
Data literacy through R: Managing and analysing data responsibly						3	10	17	24																	
Discourse analysis						1	8	15	22																	
Doing the systematic literature review (Edition 1)		9	16																							
Doing the systematic literature review (Edition 2)		10	17																							
English Academic Writing for PhD candidates (Edition 3)						1	8	15	22	31	5	12	19		3											
Ethnography																			9,11							
Focus group research (Edition 2)										30	5	12	19													
Generative AI for research and writing (Edition 3)																				22	29		6			
How to get your article published (Edition 2)						9	16	23																		
How to manage your PhD project (Edition 2)						5																				
How to manage your PhD project (Edition 3)																			9							
Intervention for PhD candidates: Peer support for resilient and sustainable academic work (Edition 2)		10																								
Making an academic poster: A beginner's guide															13	20										
Maximise your visibility as a researcher: An introduction to author identifiers and researchers profiles (Edition 2)										1																
Mixed-methods research: how to combine diverse quantitative and qualitative methods (Edition 2)						8	15	22	30																	
Open science and research transparency (Edition 3)						2	9	16	23	30																
Open science and research transparency (Edition 4)																		3	10	17	24	1				
Philosophising your research																										
Prepare your publication package (Edition 2)																18										
Professionalism and Integrity in research (Edition 4)										18																
Professionalism and Integrity in research (Edition 5)																14										
Professionalism and Integrity in research (Edition 6)																						30				
Public Speaking (Edition 2)																	21	28	4	11						
Q-Methodology	2-5																									
Qualitative comparative analysis (QCA): A mixed-method approach for studying complex causality																11	18	25	1	8						
Research grants: Opportunities and core skills (Edition 1)											8	15														
Research grants: Opportunities and core skills (Edition 2)																						1	8			
Searching and managing your literature (Edition 2)										10																
Shut up and write																					15					
Structural equation modelling						3	10	17	24																	

This calendar provides a quick overview of our courses and the weeks they take place in. For exact dates please visit the course pages in our [online course guide](#).
