# Sustainability

The past 4 years, Vitam has worked together with the Erasmus University Rotterdam (EUR) to increase sustainability on the campus. Using many sustainable products in our restaurants and UTZ certified coffee and tea in our meeting service and coffee corners furthermore we are increasingly working with local suppliers to reduce the food mileage.

The artisan cakes and cookies with a \*behind their name, are baked by people with mental disabilities. The bread we use at the EUC comes from a bakery in Capelle aan den IJssel and is baked by young people with a disadvantage on the labour market.

Last year we started to expand our plant range and we are expanding our knowledge about veganism. This is why we hope to get sustainability on everyone's mind.

This year the EUR has asked us to go a step further during the next academic year. Requesting all lunches in this banqueting book standard vegetarian, unless the orderer orders otherwise. So please bear in mind that if you order a lunch, this lunch will be delivered fully vegetarian! If you wish meat products, state this in the comments section.

Unless an ad-hoc request interferes with the regular catering operations, we will carry out the services according to the wishes of the purchaser, please first contact the hospitality desk (010-4082415). If the ad-hoc request is honored then we will place the order in Planon. We will, however, charge an ad hoc fee of € 7,75 per order.
