# FUNDAMENTALS OF INTERNATIONAL INVESTMENT LAW AND ARBITRATION

29 Sep - 1 Oct 2025

## Content

Participants will acquire a foundational understanding of the core principles underpinning international investment law and investor-State arbitration. The course leverages case studies to bridge theoretical concepts with practical applications, providing participants with the skills to navigate real-world challenges.

### Topics Covered:

1. Basics of International Investment Law: Comprehensive introduction to key concepts, terms, and the scope of international investment law. Examination of the overarching structures and regulatory environment governing foreign investments.
2. Regulatory Framework of International Investment Law: Insight into the substantive investment protection standards included in international investment agreements and customary international law, in particular, National Treatment, MFN, Expropriation, FET and FPS standards.

3. Introduction to Investor-State Arbitration: Essential principles and procedures of investment arbitration; basis of State's consent and differences between ICSID and nonICSID regimes.

4. Procedural Protections of Foreign Investors and Investments: Jurisdictional defences; overview of the so-called 'legitimacy crisis' of investor-State arbitration and ongoing reform efforts (e.g. UNCITRAL WGIII).
