Working conference on visualizations & law

When & where: Rotterdam, November 15th & 16th

Programme & registration:

This conference is organized with the support of the Erasmus Initiative for Dynamics of Inclusive Prosperity and of the research programme Monitoring Safety and Security.
Working conference on visualizations & law - 15 November

What kind of visualizations are most incriminating or prone to biases, and what could be done to prevent biases?

Join prof. Neal Feigenson and others!
Working conference on visualizations & law - 16 November

How can visualizations enable justice, the access to justice and to legal information?

Join Helena Haapio and others!
