Our lessons

During each lesson, new vocabulary, grammar and culture are discussed through interactive exercises and games. You will practice reading, writing, speaking and listening: **the full package!**

We follow a schedule of three trimesters a year, allowing you to progress and move up the **bases** (difficulty levels) of your language! Each trimester is 10 weeks long, with one 2-hour lesson a week. However, ELS offers high flexibility, so it is no problem if you happen to miss a class. **Super easy** to combine with your university work!

Cultural event

Need a little extra convincing to join us in trimester 2 or just want to hang out with fellow ELS students? Come join us! Once a trimester we host a **FREE** cultural event, where you can connect with students and coaches, over coffee or a beer!

This trimester's cultural event will take place **November 30th** from 16.00-18.00. You don't have to be an ELS student to join. Keep an eye on our **Instagram** (@els_erasmus) for updates and we hope to see you there!

Price

Not only are our classes fun, they're affordable as well! One class of **TWO** hours every week, for **TEN** weeks, for only **65** euros. But be quick, there are a limited number of spots available! See the next pages on how to win our **20% discount!**
