## INTRODUCTION

These Education and Examination Regulations (EER) include the programme-specific rights and obligations of students following the initial Master's Programmes, and pre-master Programmes of the Erasmus School of Social and Behavioural Sciences. The general university Student's Charter stipulates the rights and obligations applicable to all students.

These Education and Examination Regulations are drawn up as annual regulations. This means that the rights and obligations of students are described in the Education and Examination Regulations of the current academic year regardless of the cohort to which they belong. Nevertheless, there are some cohort-specific provisions. In these cases, they are clearly described as such.

These regulations were adopted by the dean of the Erasmus School of Social and Behavioural Sciences with the consent of the Faculty Council and Programme Committees, and following the recommendations of the Examination Board.

## SECTION 1 – GENERAL PROVISIONS

  - b. The exception to stipulations under paragraph a, are the theses in the master's Programmes Public Administration, Psychology and Pedagogy & Education, and all components of Teaching in Primary Education. For these components, the second opportunity may be offered in the next academic year.
  - c. For Teaching in Primary Education, the resit, or second opportunity, is in the form of a remediating assignment. The remediating assignment can be offered for one or more Courses (of Master-1 or Master-2) combined. The outcome of the portfolio-assessment, conducted by a decision committee in line with

the decision protocol, determines the content, form and size of the remediating assignment, as described in Appendix III.

3. If a student is allowed to take a resit in accordance with the resit regulations, the highest grade applies.
4. For resit assignments, the student will be granted a minimum of 21 and a maximum of 31 working days to submit the new (version of the) assignment. This submission term starts the moment the student receives the grade for the first opportunity.
5. In exception to paragraph 4, for the remediating assignment in Teaching in Primary Education the student will be granted a minimum of 21 working days to submit the remediating assignment, counting from the moment the student receives the remediating assignment.
6. If an Exam Component lapses, students who have fulfilled the attendance obligation and have passed a partial test for this component (if applicable), but who have not yet passed the component as a whole, have the choice between:
  - a. following the conversion component; or
  - b. using two test attempts for the lapsed component during the academic year in which the component is for the first time no longer offered. The student can apply for this option up until one month prior to the start of the conversion component.
7. In exception to paragraph 6, for students from cohorts 2021-2022 and earlier who need to complete an Exam Component of Sociology, Public Administration and International Public Management & Policy, a conversion course will take shape via an individual scheme that includes two test opportunities for the lapsed component.
8. In principle, the test moments of the lapsed component occur simultaneously with the test of the conversion course.
9. Participation in both the test of the lapsed component and the (test of the) conversion course is not allowed. Students who have not yet fulfilled the attendance obligation (if applicable) and have not passed a partial test for the component of the component of the curriculum that lapses only qualify for following the conversion course.
10. A test can comprise partial tests.
11. Written Examinations will take place at a date and location determined by or on behalf of the dean at least 30 working days before the start of the relevant Period.
12. The times and locations of the Examinations are announced via the Programme's digital learning environment.
13. Established Examination times may only be changed in cases of force majeure and in line with the Rules of Order for Assessments at the EUR. The Education Director decides whether there is a case of force majeure.
14. If, for a specific period, the Royal Netherlands Meteorological Institute (KNMI) issues a weather warning (code red) for the whole country or specifically for the Rijnmond region due to extreme weather conditions, the Education Director shall, on behalf of the dean, and after consulting the Student Administration (part of Education & Student Affairs), decide which of the written Examinations scheduled for that period are to be cancelled. Any such cancellation will be announced immediately on the homepage of EUR, the Programme's digital learning environment, and the Facebook page of the ESSC.
15. Following such a cancellation, the Education Director, on behalf of the dean, will set new dates for the cancelled Examinations as soon as possible in consultation with the examiners concerned. The new Examination dates should preferably be within 10 days of the original test dates. The new Examination dates shall immediately be published on the Programme's digital learning environment.
16. Oral tests will be administered by the examiner(s) at a time to be arranged with the student if possible.

### Article 5.3. Form of testing

1. Testing will be administered in the way stipulated in the Course guide.
2. Established forms of testing may only be changed by order of the Examination Board, or in cases of force majeure. The Education Director decides whether there is a case of force majeure. Changes may not affect the learning goals of the Exam Component.

### Article 5.4. Oral tests

1. If an oral test is to serve as a test, the following rules will be observed:
  - a. students only take oral tests individually, i.e. they will never have an oral test with another student, unless the Examination Board decides otherwise;
  - b. oral tests are open to the public unless, for an exceptional reason, the Examination Board decides otherwise; and
  - c. if no second assessor is present during the oral test, an audio recording will be made of the test.

### Article 5.5. Assessment term

1. The examiner will assess the Examination, within 15 working days of the day on which the Examination in question was taken. The exceptions are:
  - a. oral tests, for which the examiner makes an assessment immediately after the oral test and gives the student the relevant written statement;
  - b. Examinations for which the following Examination opportunity falls within this assessment term; then an assessment term of 10 working days applies; and
  - c. the portfolio assessment for Teaching in Primary Education, for which the decision protocol is stipulated in Appendix VI.

Within the set period, the examiner will provide the educational office with the details necessary for providing the student a written or electronic proof of the assessment.

2. If a test (partly) consists of an assignment or if an assignment is part of the test, an assessment term (of the test and the assignment) of 21 working days from the final submission deadline of the assignment applies. The exception is:
  - a. Resits of assignments that are (partly) assessed by tutors, if their employment contract requires them to take holiday leave during the assessment term. In these cases, a corresponding extension is decided on by the Programme director in consultation with the educational office.
3. The written statement of the assessment of a test will inform the students of their right of inspection, as referred to in Article 5.7, and the possibilities of appealing to the Board of Appeal for Examinations.

### Article 5.6. Term of validity

1. The validity period of passed Exam Components – including components taken elsewhere that are approved as part of the Examination Programme – and granted exemptions is in principle unlimited. In principle, results (ECs) obtained will be valid for four years at least. When this period ends, the student must contact the Examination Board and validity can be extended, unless the Examination Board restricts the validity period following the Programme director's proposal if, in the Programme director's opinion, the knowledge, insight and skills assessed by the Exam Component in question have become obsolete.
2. Regarding an Exam Component of which the validity period has expired, the Examination Board can indicate a replacement Exam Component or require a student to take an additional or replacement test before allowing the student to sit the final exam.
3. If an Exam Component is tested using more than one test, the validity period of the partial grades for which no study points are awarded, is restricted to the academic

year in which partial grades are obtained, plus one academic year, unless otherwise determined pursuant to these regulations.

4. For Teaching in Primary Education, paragraph 1 of this article is also applicable to data points that form part of the portfolio assessment as described in Article 5.1, paragraph 1.

#### Article 5.7. Right of inspection

1. At least 5 working days prior to the subsequent test opportunity, the student is allowed to inspect their assessed work during an inspection opportunity to be arranged on behalf of the examiner.
2. During the inspection referred to in paragraph 1, any student who took part in the written or digital test may view the questions and assignments of the test in question, as well as the standards used for assessing the test. The procedure concerning test inspections is stipulated in the Rules & Regulations of the Examination Board. For take home Examinations, students can already view the questions and their own answers, meaning that no specific inspection opportunity will be arranged.

#### Article 5.8. Period of retention of tests and final assignments

1. The questions, answer sheets and the assessed work from written or digital tests will be retained (in paper or digital form) for two years after the assessment.
2. The thesis, internship report, portfolio, as well as its assessment, will in case they are considered final assignments be retained (in paper or digital form) for seven years after the assessment.

#### Article 5.9. Exemption

1. No exemptions are granted for Exam Components in the Master's and Pre-Master's Programmes unless a double Master's Programme is being completed and the Exam Components are identical.
2. At a student's request and having consulted the relevant examiner, the Examination Board, under the conditions set out in the Rules & Regulations, may grant the student exemption from an Exam Component, provided that the student has completed a component which is of equivalent content and level as part of a research university Programme prior to commencing the component for which exemption is to be granted.
3. An exemption can only apply to an entire Exam Component and not to a part of an Exam Component.

### SECTION 6 – EXAM

#### Article 6.1. Exam

1. The Examination Board establishes the results of the exam and awards the certificate as referred to in Article 6.3 as soon as the student has satisfied the requirements of the exam Programme.
2. The Examination Board will not establish the results of the exam for students who are provisionally admitted to the Programme based on article 2.2 and have not yet successfully completed the prior education that grants provisional admission to the master's Programme.
3. Before establishing the results of the exam, the Examination Board may by itself instigate an assessment of the student's knowledge, insight and skills in respect of one or more components of the Programme.
4. The date of the exam is the day on which the Examination Board establishes that the student has successfully passed the exam.

5. To be able to pass the exam and be awarded a certificate, the student must have been enrolled for the Programme in the period the tests were taken.
6. Students who have fulfilled all obligations regarding the Programme will be invited to collect the certificate as referred to in Article 6.3.
7. Any student who has successfully passed the exam and is entitled to be awarded a certificate, may ask the Examination Board to delay awarding the certificate. This request to delay the award of the certificate must be submitted within 10 working days of the student being told of the results of the exam. At the time of submitting the request, the student should indicate when they wish to receive the certificate.
8. Students who have successfully completed one or more Exam Components and to whom no certificate as referred to in Article 6.3 can be awarded, can request a statement stating the personal data, the Exam Components achieved and the corresponding Course codes, the number of EC, the result and the date on which the result was achieved. The statement can be requested from the Study Progress and Diploma team (SV&D).

#### Article 6.2. Degree

1. A student who has successfully satisfied the exam will be conferred the degree "Master of Science", and (additionally) for Teaching in Primary Education, the teaching qualification in primary education.

2. The Examination Board will attach the list of grades (if applicable) and the Diploma Supplement to the certificate; the Diploma Supplement provides (international) insight into the nature and content of the completed Programme.

#### Article 6.5 Iudicium Abeundi

1. Pursuant to Article 7.42a of the Act, the executive board of the institution may terminate or refuse a student's enrolment for a Programme in special cases on the recommendation of the Examination Board, the dean or a body comparable to the dean at the institution and after carefully weighing up the relevant interests, if the student's conduct or utterances demonstrate the student's unsuitability for practising one or more professions for which the attended Programme constitutes a training, or for practical preparation for such professional practice.
2. The iudicium abeundi procedure is laid down in Appendix VII.

## SECTION 7 – STUDENT COUNSELLING

3. The programme is responsible for maintaining a register of the study results, so that any student can view their results in Osiris.

## Article 7.2. Student counselling

1. The faculty is responsible for the introduction of students and the student counselling of students enrolled in its Programmes; the aim is, in part, to help students familiarise themselves with the potential study routes both within and outside the Programme.

Please note that based on experience, for the specialisation Governance of Migration and Diversity the guideline is a minimum average grade of at least 7.0 out of 10.0 (based on a Dutch grading system), but slightly lower average grades can be compensated through excellence in other credentials, for example relevant working experience (CV) or an excellent motivation (motivation letter)."

### Motivation

(Relevant for all English-language master's specialisations in Public Administration)

In a reasonable amount of detail (1 A4) explain your motivation by providing reasons for applying to the Programme;

- Demonstrating relevant knowledge, experience and affinity with the field of studies (also supported by means of your resume);
- Telling us about your plans for the future.

### Academic performance

In addition to the credentials mentioned above, the Admissions Board will also take into account your academic performance, i.e. your grades to assess whether you are eligible for admission. The general guideline is often a minimum average grade of 7.0 out of 10.0 (based on a Dutch grading system), but slightly lower average grades can be compensated through excellence in other credentials, for example relevant working experience (CV) or an excellent motivation (motivation letter).

### Contributing aspects

You may choose to provide the Admissions Board with additional information about yourself by uploading additional documents that you think might contribute to your profile. An example of such documents could be motivation and/ or reference letter.

## C. Master International Public Management and Policy

### Prior education

You are eligible for admission to the Programme if you have obtained a relevant Bachelor's or undergraduate degree\* from a research university that includes at least 7.5 EC in social science research methods and techniques, in the following fields of studies:

- Public Administration;
- Political Science;
- European Studies;
- International Relations.

Applicants with a Bachelor's in Economics, Business Administration, Sociology or other social sciences, as well as Law or History, may also be eligible to apply if they have an international orientation and affinity with the public sector, e.g., by having had courses in the bachelor curriculum related to public sector, international relations and/or European governance. Applicants who do not have sufficient knowledge of the mentioned topics might need to do a pre-module before entering the Programme.

Please note that applicants with a Bachelor's in Law or History, however, also need to demonstrate that they are familiar with social science methodology.

\* Comparable to the Dutch academic level according to the standards of the Dutch Organisation for Internationalisation in Education (Nuffic).

### English language requirements

A good command of English is essential. Therefore, you will have to submit proof of English proficiency in your application. You meet the English language requirements if:

1. you have obtained a bachelor diploma from a university in the Netherlands; or
2. you have obtained a pre-university education (VWO) diploma and English was one of the subjects included in the assessment conferring that diploma and graded a 7.0 or higher; or

5. you have obtained your diploma of higher education in English (the entire Programme) in one of the following countries: Australia, Canada, Ireland, New Zealand, United Kingdom or the United States of America.

We usually deem the level of English Bachelor Programmes at West European or Scandinavian universities sufficient for meeting the language requirement as well.

In case you believe that you meet one or more of the abovementioned English language requirements you need to present a proof thereof. For example, if you have obtained your diploma of higher education in English, we need to see a written proof of it in the form of either a passage in the diploma, grade list, or a letter from the university stating that the language of instruction was English for the entire program.

### Proof of proficiency in the English language

If you do not meet one or more of the abovementioned English language requirements, you can demonstrate your proficiency in English with a language test, based on the Common European Framework (CEF, minimum score is C1-level), offered by the faculty in cooperation with the Language & training Centre of the EUR, specifically for the faculty's applicants.

If you wish to offer proof of your proficiency in the English language based on a different test, the following minimum scores apply:

The general guideline is a minimum average grade of 7.0 out of 10.0 (based on a Dutch grading system), but slightly lower average grades can in exceptional cases be compensated through excellence in other credentials, for example relevant working experience (CV) or an excellent motivation (motivation letter).

Als pedagoog is de leraar zich bewust van het relationele karakter van het beroep, van de relatieve onvoorspelbaarheid van leren en ontwikkeling en van het sociale karakter hiervan. Dat vraagt om pedagogische tact, dat wil zeggen: een sensitieve en responsieve houding ten opzichte van leerlingen, kunnen handelen vanuit inzicht in de verschillende contexten waarin de leerling zich beweegt en de achtergronden en motieven van gedrag en onderwijsresultaten.”

De afgestudeerde:

4. Fungeert als rolmodel voor de leerlingen: Fungeert als rolmodel en inspiratiebron voor leerlingen, met oog voor hun context, en voelt zich verantwoordelijk voor het bieden van een persoonlijk en maatschappelijk hoopvol perspectief.
5. Baseert het handelen op een pedagogische opdracht: Formuleert voor zichzelf een pedagogische opdracht die verbonden is met de visie van de school en de superdiverse schoolomgeving, deze opdracht dient als kompas bij het komen tot oordeelsvorming en komt tot stand via kritisch inzicht in de eigen normatieve en morele kaders van de pedagogische opdracht.

### II. Onderwijskundige en didacticus

“Een leraar is een didacticus en onderwijskundig ontwerper, de leraar voelt zich verantwoordelijk voor, en kan een pedagogisch wenselijk, passend en uitdagend onderwijsaanbod qua inhoud en vorm bieden, en zorgt middels klassenmanagement voor een hoge effectieve leertijd”.

De afgestudeerde:

1. Zorgt voor aansluiting behoeftes van de leerling en onderwijs: Weet, afhankelijk van doel en inhoud, een functionele verhouding te creëren tussen onderwijs en de

3. Begeleidt de groepsdynamiek: Houdt overzicht over de groepsdynamiek, toont adequaat klassenmanagement, maakt gemeenschappelijke kwesties bespreekbaar en komt tot door leerlingen gedragen oplossingen.
4. Weet deze onderdelen van het curriculum functioneel aan te laten sluiten op elkaar.

### III. Strategisch Partner

"Strategisch partnerschap betekent samenwerken met collega's in ontwerp, uitvoering en evaluatie van onderwijs vanuit wetenschappelijke kennis en inzichten en vanuit de gedeelde pedagogische opdracht. Het betekent ook samenwerken met de partners van het onderwijs: ouders en stakeholders in de omgeving van de school. De leraar hanteert daarbij een systeem perspectief; de kwaliteit van het onderwijs en schoolontwikkeling komt tot stand in de context van de schoolorganisatie en de schoolcultuur en in de bredere maatschappelijke grootstedelijke context."

De afgestudeerde:

1. Neemt verantwoordelijkheid, ook voor de school: Toont zich medeverantwoordelijk voor de school als (leer)gemeenschap, voor de missie van de school, het schoolethos en voor de onderwijsresultaten en hanteert daarbij een systeem perspectief.

4. Werkt samen met ouders en andere partners: Werkt samen met partners (ouders en professionals) om tot een doelmatige pedagogische onderwijsomgeving en/of tot passende aanpak van ondersteuningsbehoeftes te komen.

#### IV. Onderzoeker

"Goed leraarschap betekent tot slot reflectief en lerend leraarschap. Eigen opvattingen en eigen handelen kunnen kritisch bevraagd worden op hun bedoeling en hun doelmatigheid. Voorwaarde hiervoor is dat situaties kritisch kunnen worden onderzocht en geanalyseerd, bij voorkeur collegiaal, en dat de leraar op grond van nieuwe inzichten kan handelen of interventies bij kan stellen of perspectief kan wijzigen. Hiertoe beschikt de leraar over wetenschappelijke instrumenten om onderzoek naar de eigen praktijk te doen, evenals wetenschappelijke kennis over relevante vraagstukken voor de eigen praktijk en de praktijk van de school en is de leraar in staat om deze kennis in de school te ontsluiten."

De afgestudeerde:

1. Reflecteert en leert op basis van wetenschappelijke inzichten: Heeft een open, onderzoekende houding, reflecteert voortdurend kritisch op de intentie en het resultaat van handelen, door toetsing aan i) wetenschappelijke theorie, ii) resultaten van praktijkonderzoek, iii) de eigen pedagogische opdracht en die van collega's, en past het handelen aan op basis van deze reflectie.
2. Onderzoekt en innoveert: Past relevante wetenschappelijke theorieën en methoden voor praktijkonderzoek in eigen groep en eigen school kritisch toe en benut en ontsluit bestaande en nieuwe data en inzichten op adequate wijze ten behoeve van optimalisering van onderwijsprocessen, innovatie en schoolontwikkeling, gerekend de superdiverse omgeving van de school.

  - b. Bachelor students who commenced the Programme before 2015-2016 are referred to the former cohort-specific Education & Examination Regulations for their Programme.
  - c. When the table below indicates that students may participate in a resit Examination, two conditions apply:
    - i. If the resit is done for the sole purpose of obtaining a better grade (i.e. when the student already meets the component's final grade requirements), this is only allowed in the academic year when the first grade was obtained.
    - ii. If an assignment involves fieldwork, and that fieldwork received an insufficient result, a repetition of that fieldwork may not be possible. If that is the case, a resit is not possible.
  - d. When the table indicates that a student may not resit a test, but may request an exception to this rule at the Examination Board, the granting of such a substantiated request is on the condition that the request is submitted well in advance of the scheduled resit, and is based on a grade for a course test that varies strongly from the course test average for the student in question owing to circumstances. Such a request may only be submitted once per academic year.
  - e. If a student resits a test in violation of these regulations, the Programme retains the right not to process or retain the resit grade record.
  - f. For all bachelor-1 components, ECs are awarded only when the norms applied for the Binding Study Advice, as stipulated in the bachelor EER article 7.4 have been met.
2. Resits are organized during the academic year, after a period has ended.
3. Rules pertaining to minimum partial grades are included in the Rules & Regulation of the Examination Board

## APPENDIX IV – MASTER EXAM STRUCTURE

*Identical to 'Bijlage IV Samenstelling masterexamen' of the Dutch version of this EER,* because of the limited text, the risk of mistakes and the change dynamics. Exam Components are listed under the official name, which can be Dutch or English, and are therefore not translated.

## BIJLAGE IV – SAMENSTELLING MATEREXAMEN

*Identiek aan 'Appendix IV Master exam structure' van de Engelstalige versie van deze OER,* vanwege de beperkte hoeveelheid tekst, de grote foutgevoeligheid en de grote wijzigingsdynamiek. Examenonderdelen zijn aangeduid met hun officiële naam, deze kan Nederlands of Engels zijn, en zijn daarom in beide taalversies van de OER niet vertaald.

## APPENDIX V - PRE-MASTERS

Sections 1, 4, 5, 7 and 8 of these EER, and this Appendix apply to the 2024-2025 academic year and govern the teaching, tests and Examination of the Pre-Master's Programmes, and apply to and govern all students who are enrolled in these Pre-Master's Programmes.

A student holding a Dutch HBO (higher professional education) or research university (WO) Bachelor's degree that does not grant them access to the Master's Programme of their choice can acquire the requisite knowledge, skills and insights for the Master via a Pre-Master. The students will already hold a portion of the required qualifications by virtue of their completed HBO/WO-Bachelor's programme. The Pre-Master makes up for any deficiencies.

The faculty offers the following Pre-Master's programmes:

- Pre-Master's programme in Sociology (45 EC)
- Pre-Master's programme in Public Administration (60 EC)
- Pre-Master's programme in Public Administration (50 EC)
- Pre-Master's programme in Pedagogische & Onderwijswetenschappen (60EC)

In addition, the Open University, in partnership with the faculty, offers a Pre-Master's programme in Psychology.

The following provisions apply to all Pre-Master's programmes offered by the faculty. For the Pre-Master's programme in Psychology, the provisions as adopted by the Open University apply.

### Article 1. Admission, Structure, Study Load and Exemption

1. The testing, structure and study load of the Pre-Master's programme depend on the student's prior education, the Master's Programme the student wishes to eventually pursue and the variant (day or evening) of the Pre-Master's programme.
2. The conditions for admission to the Pre-Master's programme and the subsequent Master's Programme are determined by the dean of the Faculty.
3. The components of the curriculum which form part of the Pre-Master's programme are determined by the dean of the faculty. When these components are part of the Bachelor's programmes of the faculty, in any case the attendance obligation is applicable, as stipulated in the ESSB bachelor Education & Examination Regulations of this year.
4. The conditions for admission and components and structure of the Pre-Master's programme and the study load are provided on the website.
5. Once a Pre-Master's programme has been determined, there are no exemptions possible, except for those cases where the Examination Board deems article 8.1 applicable.
6. A student in a Pre-Master's programme is not permitted to follow part of the study programme at another Dutch or foreign university.

### Article 2. Admission to the subsequent Master's Programme

1. The student who fully completes the Pre-Master in time will receive an Admission Statement from the Examination Board for the Master's Programme that follows on from the Pre-Master. The Admission Statement remains valid for one year, during which period the student is entitled to commence the Master's Programme. After this year, the Admission Statement lapses and the student will no longer be permitted to commence the Master's Programme unless the student once again fulfils the conditions. Pre-Master students do not receive a degree. They can receive a certificate after requesting one at the EUR-Exam administration team.

2. Admission to the components of the Master's Programme is only possible once the Pre-Master has been fully completed.

### Article 3. Standards for completing the Pre-Master

1. The Pre-Master's programme in Public Administration (day variant, 60 EC) is deemed to be fully completed in time, if the following conditions have been satisfied:

## APPENDIX VI – DECISION PROTOCOL TEACHING PRIMARY EDUCATION

Only available in Dutch, for a Dutch-language Programme

### MASTER-1

De besliscommissie besluit aan het eind van het eerste studiejaar of de student heeft voldaan aan de gespecificeerde eisen van examenonderdeel Master-1 en de 60 EC van dit examenonderdeel aan de student worden toegekend.

De besliscommissie baseert dit besluit op de toetsing, bestaande uit een portfolio-beoordeling van de feedback op een individuele collectie van (gedeeltelijk verplichte) datapunten (zie artikel 5.1, sub 1 van deze OER), te weten het geheel van feedback in het portfolio die per indicator verzameld is. De besluitvormingsprocedure is in het eerste deel van deze bijlage uiteengezet.

De eisen van examenonderdeel Master-1 houden in dat de student alle leerdoelen (hierna: indicatoren) aantoonbaar heeft behaald op het niveau van jaar 1. Deze eisen zijn eveneens gespecificeerd in het tweede deel van deze bijlage.

#### A. Beslisprotocol Master-1

De procedure op basis waarvan de besliscommissie besluit of de student heeft voldaan aan de eisen van Master-1 is als volgt:

1. Per student bekijkt een besliscommissie bestaande uit twee examinatoren<sup>4</sup> onafhankelijk van elkaar het portfolio van de student, en komen ieder afzonderlijk tot een conceptbeoordeling per gespecificeerde indicator over of deze aantoonbaar op niveau jaar 1 is behaald. Beoordelingscriteria zijn:
  - a. De inhoud van datapunten: Welke datapunten zijn aanwezig en zijn dit in ieder geval de verplichte datapunten?
  - b. De kwaliteit van de datapunten: Welke feedback is er gegeven?
  - c. Adequaat gebruik van feedback: Verbeterd de student het handelen en de verantwoording daarvan, op basis van de gegeven feedback?
2. De besliscommissie komt vervolgens bijeen en vergelijkt de onafhankelijke conceptbeoordelingen per indicator van de student.
3. De besliscommissie nodigt hierna de student uit voor een gesprek. In dit gesprek bespreekt de commissie met de student de conceptbeoordelingen van indicatoren. Het gesprek heeft als doel de gelegenheid te geven:
  - a. aan de commissie om verhelderende vragen te stellen over het portfolio; en
  - b. aan de student om diens perspectief op het portfolio te verduidelijken.Ter voorbereiding op dit gesprek reflecteert de student per indicator of de student deze op niveau jaar 1 heeft behaald, op basis van de criteria genoemd bij lid 1. Als de student de uitnodiging voor een gesprek niet aanneemt, dan wordt lid 4 van deze regeling overgeslagen.
4. Na het gesprek met de student bepalen de commissieleden ieder afzonderlijk of dat gesprek aanleiding geeft tot aanpassingen van de conceptbeoordeling per indicator van de student.
5. De besliscommissie komt vervolgens bijeen en vergelijkt nogmaals de onafhankelijke (eventueel aangepaste) beoordelingen per indicator van de student.
  - a. Als de beoordelingen of een indicator al of niet aantoonbaar is behaald overeenkomen, dan is deze indicator beoordeling definitief.

<sup>4</sup> Ieder lid van de besliscommissie is examinator, heeft kennis van de inhoud van het examenonderdeel Master-1 en is geschoold in het nemen van beslissingen op basis van portfolio's. De leden van de besliscommissie hebben tevens kennis van de beroepspraktijk, in elke besliscommissie zit daarom minimaal één lid die studenten in de praktijk begeleidt.

- b. Als de beoordelingen of een indicator al of niet aantoonbaar is behaald niet overeenkomen, dan gaan de commissieleden hierover met elkaar in gesprek om te zien of ze overeenstemming kunnen bereiken. Als zij geen overeenstemming bereiken, dan wordt de beoordelaarsexpertise voor deze indicator vergroot door de commissie uit te breiden met een derde lid, die deze indicator onafhankelijk beoordeelt. Hierna bespreken de drie commissieleden de indicator(en) met elkaar. Wanneer zij consensus bereiken, dan is de indicator beoordeling definitief.
- 6. Acht de besliscommissie, op basis van de definitieve beoordelingen per indicator, de gespecificeerde indicatoren van examenonderdeel Master-1 voldoende aangetoond door de student, dan worden de 60 EC van dit onderdeel toegekend aan de student.
- 7. Acht de besliscommissie op basis van de verzameling van definitieve beoordelingen per indicator, de gespecificeerde indicatoren van examenonderdeel Master-1 niet voldoende aangetoond door de student, dan worden de 60 EC niet toegekend aan de student. In dat geval besluit de besliscommissie of een remediërende opdracht mogelijk is conform Bijlage III van deze OER. De besliscommissie neemt dit besluit op basis van de volgende beoordelingscriteria:
  - a. het aantal indicatoren dat niet is aangetoond;
  - b. de kwaliteit van de datapunten binnen die indicatoren, op basis van gegeven feedback;
  - c. de aanwezigheid van verplichte datapunten; en
  - d. de mate waarin feedback adequaat gebruikt is binnen die indicatoren
 De besliscommissie is bevoegd tot het vaststellen van een passende remediërende opdracht, waar mogelijk en passend in afstemming met de student. Een remediërende opdracht kan (ook) bestaan uit het opnieuw moeten volgen van een of meer vakken uit Master-1.
- 8. Als de besliscommissie besluit dat een remediërende opdracht niet mogelijk is, dan dient de student Master-1 in het daaropvolgende collegejaar te herhalen. Het staat de student in dat geval vrij om de bestaande datapunten en bijhorende feedback in het portfolio te behouden en dus aan te vullen met nieuwe datapunten, of volledig te vervangen door nieuwe datapunten.
- 9. Als aan de student de 60 EC van Master-1 niet zijn toegekend, dan is deelname aan de Master-2 stage in beginsel niet mogelijk conform bijlage IV van deze OER. De besliscommissie kan bepalen dat een uitzondering mogelijk is, wanneer zij meent dat op basis van het portfolio is aangetoond dat de student alleen voor de klas kan staan en dus wel startbekwaam is voor de master-2 stage.
- 10. De student verneemt de beslissing van de besliscommissie ten aanzien van het al of niet voldoen aan de gespecificeerde indicatoren van examenonderdeel Master-1, het al of niet ontvangen van een remediërende opdracht inclusief een nadere toelichting op de procedure. De commissie wijst de student tevens op (de consequenties voor) de ingangseis voor de Master-2 stage.

## B. Gespecificeerde leerdoelen (indicatoren) Master-1.

Per rol van de EMPO-student en afgestudeerde (zie ook bijlage II van deze OER) zijn de gespecificeerde indicatoren als volgt:

## MASTER-2

De besliscommissie besluit aan het eind van het tweede studiejaar of de student heeft voldaan aan de gespecificeerde eisen van examenonderdeel Master-2 en de 60 EC van dit examenonderdeel aan de student worden toegekend.

De besliscommissie baseert dit besluit op de toetsing, bestaande uit een portfolio-beoordeling van de feedback op een individuele collectie van (gedeeltelijk verplichte) datapunten (zie artikel 5.1, sub 1 van deze OER), te weten het geheel van feedback in het portfolio die per indicator verzameld is. De besluitvormingsprocedure is in het eerste deel van deze bijlage uiteengezet.

De eisen van examenonderdeel Master-2 houden in dat de student alle leerdoelen (hierna: indicatoren) aantoonbaar heeft behaald op het niveau van jaar 2. Deze eisen zijn eveneens gespecificeerd in Bijlage II, deel F van deze OER.

### A. Beslisprotocol Master-2

De procedure op basis waarvan de besliscommissie besluit of de student heeft voldaan aan de eisen van Master-2 is als volgt:

1. Studenten kunnen enkel deelnemen aan deze besluitvormingsprocedure, d.w.z. de toetsing van Master-2, als de vakken Scriptie, Taaltoets & Rekentoets met minimaal een voldoende beoordeeld zijn.
2. Per student bekijkt een besliscommissie bestaande uit twee examinatoren<sup>5</sup> onafhankelijk van elkaar het portfolio van de student, en komen ieder afzonderlijk tot een conceptbeoordeling per gespecificeerde indicator over of deze aantoonbaar op niveau jaar 2 is behaald. Beoordelingscriteria zijn:
  - a. De inhoud van datapunten: Welke datapunten zijn aanwezig en zijn dit in ieder geval de verplichte datapunten?
  - b. De kwaliteit van de datapunten: Welke feedback is er gegeven?
  - c. Adequaat gebruik van feedback: Verbetert de student het handelen en de verantwoording daarvan, op basis van de gegeven feedback?
3. De besliscommissie komt vervolgens bijeen en vergelijkt de onafhankelijke conceptbeoordelingen per indicator van de student.
4. De besliscommissie nodigt hierna de student uit voor een gesprek. In dit gesprek bespreekt de commissie met de student de conceptbeoordelingen van de indicatoren. Het gesprek heeft als doel de gelegenheid te geven:
  - a. aan de commissie om verhelderende vragen te stellen over het portfolio; en
  - b. aan de student om diens perspectief op het portfolio te verduidelijken.

Ter voorbereiding op dit gesprek reflecteert de student per indicator of de student deze op niveau jaar 2 heeft behaald, op basis van de criteria genoemd bij lid 1. Als de student de uitnodiging voor een gesprek niet aanneemt, dan wordt lid 4 van deze regeling overgeslagen.

5. Na het gesprek met de student bepalen de commissieleden ieder afzonderlijk of dat gesprek aanleiding geeft tot aanpassingen van de conceptbeoordeling per indicator van de student.
6. De besliscommissie komt vervolgens bij elkaar en vergelijkt nogmaals de onafhankelijke (eventueel aangepaste) beoordelingen per indicator van de student.
  - c. Als de beoordelingen of een indicator al of niet aantoonbaar is behaald overeenkomen, dan is deze indicator beoordeling definitief.

---

<sup>5</sup> Ieder lid van de besliscommissie is examinator, heeft kennis van de inhoud van het examenonderdeel Master-2 en is geschoold in het nemen van beslissingen op basis van portfolio's. De leden van de besliscommissie hebben tevens kennis van de beroepspraktijk, in elke besliscommissie zit daarom minimaal één lid die studenten in de praktijk begeleidt.

- d. Als de beoordelingen of een indicator al of niet aantoonbaar is behaald niet overeenkomen, dan gaan de commissieleden hierover met elkaar in gesprek om te zien of ze overeenstemming kunnen bereiken. Als zij geen overeenstemming bereiken, dan wordt de beoordelaarsexpertise voor deze indicator vergroot door de commissie uit te breiden met een derde lid, die deze indicator onafhankelijk beoordeelt. Hierna bespreken de drie commissieleden de indicator(en) met elkaar. Wanneer zij consensus bereiken, dan is de indicator beoordeling definitief.
7. Acht de besliscommissie, op basis van de definitieve beoordelingen per indicator, de gespecificeerde indicatoren van examenonderdeel Master-2 voldoende aangetoond door de student, dan worden de 60 EC van dit onderdeel toegekend aan de student.
  8. Acht de besliscommissie op basis van de verzameling van definitieve beoordelingen per indicator, de gespecificeerde indicatoren van examenonderdeel Master-2 niet voldoende aangetoond door de student, dan worden de 60 EC niet toegekend aan de student. In dat geval besluit de besliscommissie of een remediërende opdracht mogelijk is conform Bijlage III van deze OER. De besliscommissie neemt dit besluit op basis van de volgende beoordelingscriteria:
    - a. het aantal indicatoren dat niet is aangetoond;
    - b. de kwaliteit van de datapunten binnen die indicatoren, op basis van gegeven feedback,
    - c. de aanwezigheid van verplichte datapunten; en
    - d. de mate waarin feedback adequaat gebruikt is binnen die indicatoren.
 De besliscommissie is bevoegd tot het vaststellen van een passende remediërende opdracht, waar mogelijk en passend in afstemming met de student. Een remediërende opdracht kan (ook) bestaan uit het opnieuw moeten volgen van een of meer vakken uit Master-2.
  9. Als de besliscommissie besluit dat een remediërende opdracht niet mogelijk is, dan dient de student Master-2 in het daaropvolgende collegejaar te herhalen. Het staat de student in dat geval vrij om de bestaande datapunten en bijhorende feedback in het portfolio te behouden en dus aan te vullen met nieuwe datapunten, of volledig te vervangen door nieuwe datapunten.
  10. De student verneemt de beslissing van de besliscommissie ten aanzien van het al of niet voldoen aan de gespecificeerde indicatoren van examenonderdeel Master-2, het al of niet ontvangen van een remediërende opdracht inclusief een nadere toelichting op de procedure.

1. The ‘Iudicium Abeundi’ relates to the termination or refusal of enrolment as a student or as an external student at the educational institution on the grounds of conduct and/or statements that make the individual unfit to practice the profession for which the Programme prepares students. Background information and details of this procedure can be found in the national Iudicium Abeundi Protocol, which can also be applied at other EUR Programmes.
2. The procedures set out in this appendix are followed when serious failures in professional conduct are identified.
3. The Iudicium Abeundi procedure will only come into force if the failings or the repetition thereof are of such a nature that they indicate potential unfitness for professional practice (see Articles 10 through 16).
4. In this Appendix, ‘Education Director’ can refer to the relevant programme director or the educational director (i.e. vice-dean of education).

### Article 2. The first report

If a student, at any time during the Programme, in the opinion of the Education Director, has demonstrated that they lack the general skills required in contact with others, as described in the prevailing rules of conduct of the professional group, rules of conduct included in the Rules & Regulations of the Examination Board and the internship manual of the Programme, the Education Director will inform the Examination Board of this immediately in writing, stating reasons. A record will be entered in this student file of this student.

### Article 3. The file

The Examination Board will take note of the report referred to in Article 2 and open a confidential file on this report.

### Article 4. The student’s response

The Examination Board will notify the student to whom the report referred to in Article 2 relates in writing as soon as possible and allow the student the opportunity to give their views on the statements made in the report in writing and/or verbally.

The Examination Board will add the student’s written views to the file. The Examination Board will produce a report of any verbal views expressed, which will then be submitted to the student and also added to the file along with any comments made by the student on this report.

### Article 5. Advice on disciplinary measures by the Examination Board

If the student’s conduct or statements constitute a violation of the regulations and the measures to promote the smooth running of affairs in the buildings and on the grounds of the institution, the Examination Board may, on the basis of the faculty or university Rules of Procedure, advise the Executive Board to take a disciplinary measure in response to this first report, depending on the severity of the failures or conduct described in this report and on the student’s response. If necessary, the Examination Board can seek information from third parties in this context or appoint an independent assessor as described in Article 7 at this point.

### Article 6. A new report

1. If, at any time during the Programme, the Examination Board receives a further report as referred to in Article 2 about the same student, the procedure described in

- Articles 3 to 5 will be repeated.
2. If the Examination Board considers the nature of the claims made in the new report to justify such action, the Examination Board can seek the advice of an independent assessor on whether the student can continue with the Programme and, if so, under what conditions.

#### Article 7. Appointment of the independent assessor

In the event of a situation as referred to in Article 6, paragraph two, the Examination Board can ask the dean to appoint an independent assessor, who may or may not be from the faculty.

#### Article 8. Procedure to be followed by the independent assessor

1. Before issuing advice, the independent assessor will hear the student and lecturer(s) or examiner(s) in question, preferably in each other's presence.
2. During the discussion/discussions, the independent assessor will explore whether, and if so how, the student can resolve the failures identified.
3. The independent assessor will produce a report on this discussion/these discussions, a copy of which will be sent to both parties and on which both parties can comment.
4. The independent assessor will submit a substantiated report to the Examination Board as soon as possible after hearing both parties. The advice and any attached documents will be added to the file.

#### Article 9. The decision of the Examination Board

1. The Examination Board will discuss the advice issued by the independent assessor with the student within three weeks of receiving the advice. The Examination Board will then consider further steps. This can mean that the student is advised to choose another Programme, is required to successfully complete a remedial Course or is informed that the Iudicium Abeundi Protocol will be followed (see also Article 10 et seq.).
2. The student will be notified of this decision in writing, stating reasons.

#### Article 10. Report of severely reprehensible conduct and/or statements – the Iudicium Abeundi Protocol

If a student, at any time or at recurring times during the Programme, in the opinion of a lecturer or examiner, has demonstrated conduct and/or statements that make them unfit for professional practice, or take practical preparations for professional practice, the lecturer or examiner in question will inform the Examination Board and the dean immediately, stating reasons.

#### Article 11. The Iudicium Abeundi file

1. The Examination Board will take note of the report referred to in Article 10 and consult with the dean, in accordance with the national Iudicium Abeundi Protocol, on the procedure to be followed. Additional advice will be sought from the independent assessor referred to in Article 7 if necessary.
2. If the report concerns an educational situation as defined in the aforementioned Protocol, the Examination Board will open a confidential Iudicium Abeundi file on this report and take action according to the flow chart in the Protocol.
3. This file may be supplemented with any previous reports and the subsequent procedures as referred to in Article 3. If the report does not specifically relate to an educational situation, it will be handled by the dean.
4. The dean will also handle the report in accordance with the flow chart in the

- Iudicium Abeundi Protocol.
5. The dean will handle the report by following the same process as followed by the Examination Board, which is described in further detail in Articles 12 through 16 below.

### **Article 12. The student's response**

The Examination Board will inform the student to which the report referred to in Article 10 relates as soon as possible in writing and offer the student the opportunity to verbally explain their views on the statements made in the report during an interview with the Examination Board or members thereof. A report of this interview will be submitted to the student and will then be added to the file referred to in Article 11 by the Examination Board, along with any comments made by the student on this report.

### **Article 13. Disciplinary measures in response to a report**

1. When following the flow chart in response to a report referred to in Article 10, the Examination Board may recommend imposing a disciplinary measure in accordance with Article 5.
2. When following the flow chart in response to a report referred to in Article 10, the Examination Board may also decide to submit a request to enact an Iudicium Abeundi, if and insofar as the Examination Board considers the nature of the student's contested conduct and/or statements to justify such action. This request will be sent to the Executive Board, if necessary accompanied by an advice of the dean.

### **Article 14. Termination of the student's enrolment at the institution**

Following advice from the Examination Board or from the dean, the Executive Board may terminate a student's enrolment if the steps in the Iudicium Abeundi Protocol have been followed.

### **Article 15. Decision-making by the Executive Board**

The Executive Board will not take a decision as referred to in Article 14 until the student in question has been heard regarding the proposed decision, until all interests of the student and the institution have been carefully considered and until it has been plausibly demonstrated that a student, through their conduct and/or statements, has shown themselves to be unfit to practice one or more professions for which their course of study prepares students or for the practical preparations for professional practice.

### **Article 16. Objection and appeal**

A student whose interests are directly affected by a decision of the Executive Board can lodge an objection to this decision with the Student Objection Advisory Committee (Geschillenadviescommissie Studenten). If the Executive Board declares that the student's objection is unfounded, the student can appeal against this decision to The Council of State (Raad van State – Afdeling Studenten).
