

Peer Feedback Template

Instructions: Use this template to provide structured feedback on your peer's work.

Be respectful, constructive & specific. Focus on both strengths & areas for improvement. You don't need to answer every question if it isn't relevant to the assignment – adapt as needed.

Overview of the work

Title/topic of the work reviewed: _____

Type of assignment (e.g., essay, case study, presentation, project) _____

Name of the peer whose work is reviewed: _____

Strengths of the work

- What aspects are particularly clear, well-argued, or original?
- Which parts demonstrate strong use of evidence, creativity, or critical thinking?

Your comments:

Areas of growth

- Are there sections that are unclear, underdeveloped, or inconsistent?
- Could the argument, evidence, or structure be strengthened?
- Are there alternative perspectives or resources the author could consider?

Your comments:

Feedback on structure & presentation

- Is the work logically organized and easy to follow?
- Are visuals, formatting, or references clear and appropriate?

Your comments:

Reflection & suggestions

- What is the most valuable insight you gained from reviewing this work?
- What specific suggestion would most improve the work?
