Procedure and deadlines for application and registration

Include copies of relevant diplomas, grade lists, reading lists, course descriptions, and study load overviews with your application. Based on these, we will determine which additional courses are applicable to you. Within four weeks of submitting your application, you will receive a personal study plan and the registration forms for the additional courses and/or the upcoming Post-Master's modules by email. If you wish to start in April, the final registration deadline is March 1st. If you wish to start in September, the final registration deadline is August 1st. Kindly submit your application at your earliest convenience but no later than four weeks before the final registration deadline corresponding with your desired start of the program. Unfortunately, late applications and registrations can not be processed in time.

To be completed by student
