

# Self-scan

To find out which **study programme** suits you, you first need to know **yourself** better! With this document, you will learn more about yourself. That helps to see if a study programme fits you.

Name: \_\_\_\_\_

## Dreams and ambitions

This is what I want to accomplish

---

---

---

---

---

---

---

---

## Interests and hobbies

This is what I like to do

---

---

---

---

---

---

---

---

## Skills

I am good at this

---

---

---

---

---

---

---

---

## Characteristics

Choose a few characteristics that best describe you

---

---

---

Ask people who know you well to select some characteristics about you. Does this correspond with what you have written about yourself?

---

---

## How to proceed?

You now have a better understanding of who **you** are. You may use this document when you are searching for your new study programme to see if there is a possible match!

For example, take a look at: [www.eur.nl/studiekeuze](http://www.eur.nl/studiekeuze) or [www.studyinnl.org](http://www.studyinnl.org). You can also use an **interest test** to find out what you like.
