Geachte heer [redacted],

Het College van Bestuur van de Erasmus Universiteit Rotterdam heeft kennisgenomen van het door u opgestelde Wob-verzoek, zoals verwoord in uw e-mail d.d. 2 augustus 2016.

Bij deze zend ik u een overzicht van gepubliceerde onderzoeken die (mede) betrekking hebben op de genoemde bedrijven in de bijlagen. Hierbij verdient opmerking dat er sprake is van een aantal false positives waar u rekening mee dient te houden. Gepubliceerde onderzoeken zijn openbaar en kunt u ook raadplegen via repub.eur.nl

Intensief onderzoek heeft uitgewezen dat de Erasmus Universiteit Rotterdam niet in het bezit is van andere overzichten, toelichtingen en facturen betreffende door RSM verrichte onderzoeken in opdracht van bepaalde bedrijven.

Tegen dit besluit kunt u binnen zes weken bezwaar indienen bij het College van Bestuur van de Erasmus Universiteit Rotterdam.

Het College van Bestuur van de Erasmus Universiteit Rotterdam,

drs. K.F.B. Baele
Voorzitter

The open community, facing the rapid changes of the environment, requires the ability of the new era to respond to various objects. It is our responsibility to adapt and change, to open our minds, to explore new ways of thinking, and to create a better world. We must be pro-active in facing challenges, and be innovative in our approach to solving problems. This means that we must be willing to take risks, and to be prepared to fail. Only through such an approach can we hope to achieve success.

In conclusion, the open community must adapt to the rapid changes of the environment. We must be open-minded, be pro-active, and be prepared to fail. Only through such an approach can we hope to achieve success.
