

How to read campus buildings and room codes

Each building on campus is named after someone who has played a distinctive role in the development of our university.

Building names and room numbers

Room numbers start with:

Erasmus	A
University Library	B
Theil	C
Tinbergen	H
Bayle	J
Sanders	L
Van der Goot	M
Mandeville	T
Polak	POLAK

Example

Room C1-06 > Theil Building, first floor, room 06.

Buildings E, F, G, N, P, Q, V and W only have a building code, not a name.

Building new perspectives

For some years, we have been engaged in creating a sustainable campus with a stimulating learning, working, and living environment. All the new and renovated buildings on campus meet the highest standards in sustainable building. There are still a few plans to be implemented on our way to a green and clean campus.

We encourage all our staff and students to contribute to our sustainable goals, for example by cycling or using public transport and keeping our campus clean. If you want to join sustainable initiatives on our campus, visit the Erasmus Sustainability Hub in their office on the ground floor of the Hatta building.

We support your study succes

The Erasmus Student Service Centre (ESSC) is the central service point for all new and enrolled students at Erasmus University Rotterdam. Students can contact the centre for questions about enrolment as a student or registration for courses and training. Appointments with a careers' advisor can also be made at the ESSC. You can visit the ESSC in the E-building or online at www.eur.nl/essc.

Diversity & inclusion

Erasmus University Rotterdam is convinced that education and research benefit from diversity & inclusion among students and employees. We therefore strive to create a distinctive educational and academic environment, in which everyone has equal opportunities, feels at home and is able to develop his or her talents to the fullest. Do you have questions, suggestions or remarks regarding diversity & inclusion? Feel free to contact our Diversity Office: diversity@eur.nl.

Welcome at our dynamic and international campus, where your study success is our priority. Feel the energy, get inspired, meet new people and achieve your goals!

A special year

It's an honour to welcome you this year, in which we celebrate our 21st lustrum. 'Science meets city' is the theme of a festive programme with many exciting encounters between Erasmus University scientists and the inhabitants of Rotterdam. Find more information about the lustrum at eur.nl/en/about-eur/lustrum.

Study spaces

Numerous study spaces are spread across campus. There are informal places where you can enjoy a cup of coffee while you're studying. If you need to work on a group assignment you can go to Polak as there are several rooms with up to eight seats available. More study spaces are available in the University Library and Sanders Building.
