

## Transition Regulations BSc2 Econometrics/Economics - since 2013

### Transition regulation 2019

As of the academic year 2019-2020, the composition of Year 2 of the BSc2 programme has been revised: the IBEB Bachelor 1 course FEB11008-Marketing (8 ec) has been replaced by the new course FEB21024X Marketing (BSc2) (4 ec). Also the former IBEB Bachelor 2 course FEB12015-Introduction to Behavioural Economics (4 ec) has become an IBEB Bachelor-1 course.

Students with a positive Binding Study Advice can start with the revised Year 2 of the BSc2 programme in September 2019.

For senior students, Year 2 of the BSc2 programme remains unchanged.

Senior students follow **FEB12015-Introduction to Behavioural Economics** in IBEB Bachelor 2.

Senior students who have obtained an invalid or a valid but insufficient (non-compensable) result for **FEB11008-Marketing** in an earlier academic year, only have the possibility to take examinations in this course (both the regular examination and the resit examination) in the academic year 2019-2020. Already obtained results for the assignments, the marketing plan and the interim test remain valid in 2019-2020 only.

Senior students who have not yet passed **FEB12002-Philosophy of Economics** in Year 1 can complete this course in block 5 of the academic year 2019-2020.

### Transition Regulation 2018

As of the academic year 2018-2019, the composition of the IBEB Majors has been revised.

Students who have started an IBEB Major in an earlier academic year, may still complete this Major in the old composition of the academic year 2017-2018 or earlier. This also applies to the **Major Accounting and Finance** which is no longer offered as of the academic year 2018-2019.

### Transition Regulation 2017
