Erasmus University Rotterdam**

**We are delighted to invite you to a presentation of
Steven Stegers MA (EUROCLIO) about *Historiana***

People on the move - Rights & Responsibilities

HISTORIANA
Connecting with the Past

Historiana is a large international education program, initiated to develop a website on Europe's history and heritage education. It offers teachers and young people the opportunity to compare locations and period, various experiences of people, and the consequences of historical developments, articulated in material and immaterial legacies of Europe. The website offers a first real alternative solution to the idea of a European History Textbook.

Co-referent Pieter de Bruijn MA (EUR)
