

Erasmus University Rotterdam Safety & Security travel abroad checklist

PRIOR TO DEPARTURE

STEP 1

- Register your emergency contact information in Osiris under “abroad”.
- Make sure that your emergency contact information is complete and up-to-date! In case of a change of contact details (address, telephone number) of yourself or your emergency contacts during your stay abroad you need to update your data in Osiris immediately!

STEP 2

- Go to the website of the Dutch Ministry of Foreign Affairs in order to check the travel advice of the country/countries that you are intending to visit:
<http://www.rijksoverheid.nl/onderwerpen/reisadviezen>
- The classifications by the Dutch Ministry of Foreign Affairs can be recognized by colour:

Green:	no particular security risks
Yellow:	note: security risks
Orange:	only necessary trips
Red:	do not travel

- If the country or part of the country you are visiting is classified as “red” then you are not allowed by Erasmus University to go to that country or region. Your exchange, internship or research will not result in study credits (ECTS) for your study programme at EUR.
- If the country or part of the country you are visiting is classified as “orange” then you are required to make a risk analysis before departure. The EUR will check whether you have made a proper risk analysis before departure.

- If the country or part of the country you are visiting is classified as “yellow” then we advise you to make a risk analysis before departure. Though it is not obligatory to make a risk analysis, we urgently recommend you to do so.
- If you are a national of another country than the Netherlands, then also check the travel advice of your own country. The website <http://ec.europa.eu/consularprotection> offers an overview of travel advices of the ministries of foreign affairs of all EU countries (not very user-friendly). For the US please visit: <http://travel.state.gov/content/passports/english/country.html>
- Download the Travel Advice App of the Dutch Ministry of Foreign Affairs to easily receive updates and access contact details of Dutch embassies/consulates during your stay abroad: <http://www.rijksoverheid.nl/onderwerpen/reisadviezen/reisadvies-app>

STEP 3

- All Dutch students, EU students and non-EU students with a valid residence permit **to stay in the Netherlands** must register at Nederland Wereldwijd, the online registration system of the Dutch Ministry of Foreign Affairs: <https://informatieservice.nederlandwereldwijd.nl/>. This is to ensure that the *Dutch* embassy/consulate in the country you are visiting, is aware of your presence.
- All other students must register *at their own* Embassy/Consulate in the country they are visiting.
- For contact details of Dutch Embassies and Consulates abroad please check: <http://www.government.nl/issues/embassies-consulates-and-other-representations>
- If you change your address and/or your telephone number you must always inform all parties concerned (EUR via Osiris, the Embassy and your family/friends)

STEP 4
