For re-sit exams the student will have to register on Osiris separately between 35 and 7 days before the exam date. For elective courses, students will need to complete the steps for registration as stipulated on the website.
5. If the Examination Board provides the ability to register for a test outside of the regular period registration period, an administration fee with a maximum of €20.00 per exam will be charged.

2. A re-sit can be taken directly after the inspection of the evaluated work. This is especially the case with final papers (see section 4 of this Article). A re-sit can also be taken in the examination period following the exam period of term 4. The course guide and exam timetable documents this.
3. Intermediate tests or interim exams can only be offered once a year and no re-sit can thus be given.
4. For exams in the form of a final paper, which have been awarded an insufficient grade, the possibility to re-sit the paper is offered once in the same academic year. The student has three weeks, starting from when he or she inspects the paper, to submit his or her re-sit paper. For a re-sit of a paper, students can obtain a maximum grade of 6.0.
5. Papers/theses that are submitted late will not be marked and will not get a (another) re-sit opportunity.

6. It is not possible to re-sit papers or essays that have been awarded a pass mark (5.5 or higher).

The Examination Board can restrict the validity period following the Programme Director's proposal if, in its opinion, the knowledge, insight and skills assessed by the exam component in question are obsolete.
2. Regarding an examination component of which the validity period has expired, the Examination Board can indicate a replacement examination component or require a student to take an additional or replacement examination before allowing the student to sit the examination.

3. If an examination component is tested using more than one test, the validity period of the interim tests for which no study points are awarded is restricted to one academic year unless otherwise determined pursuant to these regulations.

Article 5.3 – Right of inspection

1. The student may request to view the assessed work within 20 working days after the publication of the results of a written exam or assignment and if so desired, discuss it with the examiner.
2. During the term, mentioned in sec. 1, any student may review the questions or assignments of the particular exam and the criteria by which it was assessed.
3. The Examination Board or the examiner may decide that the review or discussion take place at a set time and place. If the concerned party can prove that he is prevented, through no fault of his own, from appearing at the time and place set, then another opportunity will be given at short notice.

3. The exam date is the day on which the Examination Board determines that the student has passed the exam
4. For passing the exam and issuing the degree certificate, it is additionally required that the student was enrolled in the program at the time the tests were taken.

Article 7.2 – Judicium Cum Laude

The judicium 'Cum Laude' is conferred to the master's examination if the weighted average of all the results achieved in the Degree programme is at least 8.25.

1. The weighted average grade for the master programme is based on the results for all courses for which a final grade is established and the grade for the master thesis.
2. All results are weighted according to their assigned credits.

3. Courses and course elements which are assessed on a pass/fail basis do not count towards the weighted average.

Article 7.3 – Degree
