4. Students who successfully complete the IBCoM HP will receive a certificate.

Article 5.9 – Practicals and lectures in Bachelor 2/3

All courses referred to in Art. 5.2 include “practicals” (cf. Art 1.2) in the form of compulsory classes (tutorials, practicals, workshops, and seminars) in which students meet under supervision of a lecturer to discuss course materials, coursework and work on in-class assignments.

1. What the practicals entail and how much time they take is set out in the educational programme provided on the degree programmes webpages and the course guide that is provided for each course.
2. Attendance of and active participation in these practicals is mandatory. This means that a student can only complete a course, as referred to in paragraph 1 of this article, after the student has met the attendance and participation requirements of the relevant practicals.
3. If a student will miss a meeting, this must be reported to the lecturer prior to the meeting.
4. A student who misses one meeting still meets the attendance requirements when he/she has participated in all other meetings for that course.
5. A student who misses a meeting for the second time, receives an additional assignment from the lecturer. This additional assignment is an individual assignment and enables the student to fulfil the attendance and participation requirements.
6. The additional assignment must be handed in (digitally) before the deadline stated by the lecturer, and will be graded on a Pass/Fail basis. A student who does not submit this extra assignment will not receive a grade for the course (and thus, fail).
7. A student who has not met the attendance requirements is not entitled to receive a final grade for the course during the corresponding academic year.
8. For some BA 2/3 courses, attendance of lectures is also mandatory. This will be announced before the start of the academic year in the online course description in SIN-Online
9. The meetings of the *Bachelor Thesis Class* and Bachelor Thesis are mandatory and the attendance of term 3 and 4 is combined. So students cannot miss three meetings in the complete Bachelor Thesis trajectory, in accordance to paragraphs 3-8. If a student is abroad during term 3, the supervisor will facilitate an alternative meeting to attend.

SECTION 6 – ASSESSMENT

Article 6.1 – General

1. During the degree programme the student will be assessed on academic development to determine whether the student has sufficiently achieved the intended learning outcomes.
2. The course guide specifies the performance the student must meet in order to successfully complete each course as well as the criteria on which the student will be assessed.
3. In the Rules & Guidelines of the Examination Board the procedures concerning assessment are described.

Article 6.2 – Content of exams

1. An exam covers the material covered in the corresponding course in the current academic year.
2. The examiner or the Examination Board can make individual arrangements for courses that have been discontinued; such arrangements may be made up to a maximum of 1 year after the academic year in which the course was taught for the last time.

Article 6.3 – Sequence of exams and progress through the degree programme

1. The student is personally responsible for accurate and timely registration for the exams he or she needs to sit. When the student registers for an ESHCC course on OSIRIS he/she is automatically registered for the final exam. For resit exams the student will have to register on OSIRIS separately between 35 and 7 days before the exam date.
For elective courses, students will need to complete the steps for registration as stipulated on the website.
2. If the Examination Board provides the ability to register for a test outside of the regular period registration period, an administration fee with a maximum of €20.00 per exam will be charged.
3. Students should have completed all exams of Bachelor 1 before they are allowed to sit for exams in the BA-2/3 programme, or doing an internship.
4. The Examination Board will allow a student to sit one or more exams in BA-2/3 before completing Bachelor 1 if the following conditions have been met:
 - a) the student has received a postponement of the Binding Study Advice due to personal circumstances (PC), as described in Art. 11.4.
 - b) the permission to sit exams does not include the internship or the *Bachelor Thesis Class*.
 - c) for courses which have admission restrictions, students who have completed Bachelor 1 will have priority over students who have not completed Bachelor 1 when they sign up.
 - d) such permission by the Examination Board shall be valid for a period of no more than twelve months.
5. A student cannot take part in the exams for the courses from BA-2/3 referred to below until he/she has passed the exams of the courses below:
 - a) a student cannot take part in exams or the internship in BA-2/3 until Bachelor 1 is completed, subject to the provisions in the 3rd paragraph of this article.
 - b) in order to be admitted to Research Workshop 2, students should have completed at least one of the second year methods courses (*Quantitative or Qualitative Methods in Media and Communication*) and at least one seminar in the focus area concerned.
 - c) a student cannot take part in the minor until he/she is a BA-3 student.
 - d) a student cannot take part in the internship until he/she has passed all BA-1 courses and has completed at least 28 credits of the BA-2/3 curriculum, including one specialization course and the mandatory courses of the major listed in Art. 5.2 take place in term 1 and term 2 of BA-2. This includes *CM2008 Communication and Media Labour Market Orientation*.
 - e) students may not take the *Bachelor Thesis Class* before he/she has passed and has completed at least 50 credits of the BA-2/3 curriculum, including at least two focus area seminars and the research workshop (cf. Art 5.3) and the mandatory courses of the major listed in part I, II and IV of Art 5.2. with the exception of the courses that are scheduled in BA-3 (*Communication Ethics*).
 - f) students should have completed the *Bachelor Thesis Class* before they can submit their Bachelor Thesis.

Article 6.4 – Time periods and frequency of exams

1. Students are offered two opportunities per academic year to sit for an exam and thus obtain a result for a course: that is to say a regular exam at the end of the course term and a resit exam. The following clauses apply:
2. The number of resit exams that a student is allowed to take is limited:
 - a) Within the BA-1 programme students are allowed to take a resit for a maximum of three courses. This rule only applies to written examinations.
 - b) Within the BA-2/3 programme students are allowed to take resits for a maximum of three courses per academic year. This rule only applies to written examinations and to courses offered by the ESHCC.
3. A student may resit a written examination for which he/she has already obtained a passing grade, the highest mark achieved will then count. This is only possible within the academic year in which the

course was completed. A resit of a written examination may thus be graded with a maximum grade of 10.

4. An exam in the form of a final assignment or paper that comprises the largest part of the course assessment, for which a student receives a fail (5.4 or lower), is eligible for a resit. The student will be given 15 working days to submit his or her revised work, counted from the moment when the student receives the grade and feedback on the first version. A resit paper may be graded with a maximum grade of 6.0.
5. An exam in the form of a final assignment or paper with a passing grade (5.5 or higher) is not eligible for a resit.
6. Papers/theses that are submitted late will not be marked and will not get a resit opportunity.
7. For the resit of the Bachelor Thesis, students can obtain a maximum grade of 6.0.
8. Notwithstanding the previous paragraphs, intermediate tests and assignments are offered only once a year and have no resits.
9. The aforementioned clauses determine that students may not retake and resit passed courses in subsequent academic years.
10. The submission and assessment of the Bachelor Thesis is subject to the timetables, guidelines and procedures stipulated in the course guide for the Bachelor Thesis and on the degree programme's website.

Article 6.5 – Administration of exams

1. The exams for the courses referred to in Art. 4.1, 5.2 and 5.6 are administered in a written or oral format or in some other way. Assessment takes place according to the method described in the course guide and website. This generally involves a combination of assessment methods.
2. In exceptional cases and at the student's request, the Examination Board may allow an exam to be administered in a different format than described in the course guide and website.
3. At the lecturer's request, the Examination Board may decide an exam to be administered in a different format or at a different time than described in the course guide and in the online study guide. The students involved will be notified of said adjustment no later than five weeks before the exam in question by Blackboard and/or SIN and/or email.
4. The School is responsible for the proper administration of exams and will take the appropriate measures. The Examination Board can delegate this power to the most appropriate authority or person.

Article 6.6 – Oral exams

1. Oral exams are always taken individually and take place at the end of the course, when the class meetings have finished.
2. Oral exams are public unless the student objects.
3. Oral presentations are *not* considered oral exams but practical exercises that take place during the class meetings of the course and that can be part of the assessment of the course (c.f. Definitions, below practical).

SECTION 7 – EXAM RESULTS

Article 7.1 – Establishing, publishing and recording results of exams

1. The examiner will assign a mark immediately following an oral exam and present the student with written proof of the mark (results sheet).
2. The examiner will mark a written exam within 15 working days after the day on which the exam is administered, and will record the grade in OSIRIS, the university student administration system. In exceptional cases, the Examination Board may allow deviations from this time period.
3. The examiner will mark a practical within 15 working days after the end date of the course, or, if applicable, within 15 working days after it has been submitted, and will record the grade in OSIRIS. In exceptional cases, the Examination Board may allow deviations from this time period.

4. The examiner will establish the results of interim exams as soon as possible but ultimately before the written exam for that course.
5. The Examination Board checks whether the terms referred to in the previous paragraphs are maintained.
6. The department of Student Administration Office that handles exams for the Erasmus School of History, Culture and Communication is responsible for recording the exam and for issuing the diploma.

Article 7.2 – Grading

All exams are graded either on a scale from 0 to 10 points (with 0 being the lowest possible result, a 5.5 or higher a passing grade, and 10 as the highest possible grade), or on a Pass/Fail basis. Numerical grades may have one decimal.

Article 7.3 – Validity

1. The validity period of passed examination components - including components taken elsewhere that are approved as part of the examination programme - and granted exemptions is unlimited. The Examination Board can restrict the validity period following the Programme Director's proposal if, in its opinion, the knowledge, insight and skills assessed by the exam component in question are obsolete.
2. Regarding an examination component of which the validity period has expired, the Examination Board can indicate a replacement examination component or require a student to take an additional or replacement examination before allowing the student to sit the examination.
3. If an examination component is tested using more than one test, the validity period of the interim tests for which no study points are awarded is restricted to one academic year unless otherwise determined pursuant to these regulations.

Article 7.4 – Right of inspection

1. For a period of 20 working days following publication of the mark for a written exam, the student will upon request be given the opportunity to inspect his/her work and discuss the results with the examiner if he/she so desires.
2. During the period specified in the first paragraph, any student can be informed of the questions and assignments of the exam in question, as well as the standards against which the assessment was conducted.
3. The Examination Board or the examiner can decide that the inspection of the exam and assessment standards or the discussion of the results must take place at a set time and place. If the person in question can demonstrate that forces beyond his/her control will keep or kept him/her from being present at the set time and place, he/she will be offered an alternative opportunity, within the period referred to in paragraph 1 if possible.
4. The Examination Board may accept deviations from the provisions in the first, second and third sections.

SECTION 8 – EXEMPTIONS

Article 8.1 – Exemptions from exams

1. At the student's request and after having consulted the examiner in question if necessary, the Examination Board can grant a student exemption from an exam for one or more courses that are part of the requirements for the bachelor degree, as referred to in Art. 5.2 through 5.6.
2. Exemption will be granted if the student has achieved a passing mark on an exam that is a comparable component of a degree programme offered at a research university in terms of contents, level and credits, or if the student has acquired professional knowledge or experience in that subject outside the higher education system.
3. No exemptions are granted for courses in Bachelor 1, for practicals, for the *Bachelor Thesis Class* and for the Bachelor Thesis.

4. Requests for exemption must be submitted to the Examination Board (via OSIRIS Student) at least eight weeks before the start of the relevant course.

SECTION 9 – BACHELOR'S EXAMINATION

Article 9.1 – Bachelor's examination

1. The Examination Board shall determine the results of the bachelor's examination and shall award a degree certificate as referred to in Art. 9.5 once the student has met the requirements of the examination programme.
2. Prior to determining the results of the bachelor's examination, the Examination Board may examine the knowledge of the student with regard to one or more sections or aspects of the degree programme, if and insofar as the results of the relevant tests give grounds to do so.
3. The examination date is determined as the day on which the Board determines that the student has successfully completed the final examination.
4. A condition of passing the bachelor's examination and the issue of the certificate is that the student was registered for the degree programme in the period in which the exams were taken.

Article 9.2 – Compensation

1. In Bachelor 1 as well as in Bachelor 2/3, a course with a failing grade (of at least 5.0) may be compensated for with a course with a grade of 7.0 or higher. The following clauses apply:
 - a) Within the overall BA-1 programme a maximum of two fives may be compensated for.
 - b) Within the overall BA-2/3 programme a maximum of two fives may be compensated for.
 - c) A fail (minimum 5.0) ought to be compensated for with (a) course(s) with a grade of 7.0 or higher that represent(s) at least the same amount of study credits (EC) as the failed course.
2. A fail for the *Bachelor Thesis Class*, the Bachelor Thesis, courses during an exchange period or the internship cannot be compensated for, nor can these items be used to compensate with for other courses. Electives taught at ESHCC can be compensated for, external Electives cannot.
3. The compensation will only be allowed once the student has met all other requirements of the phase of study except the courses that qualify for compensation.

Article 9.3 – Judicium cum laude

The judicium 'cum laude' is conferred to the bachelor's examination if the weighted grade average of all the results achieved in the degree programme is 8.25 or higher.

1. The weighted average grade for the bachelor programme is based on the results for all courses for which a final grade is established and the grade for the Bachelor Thesis.
2. All results are weighted according to their assigned credits.
3. Courses and course elements which are assessed on a Pass/Fail basis do not count towards the weighted average.
4. Both the internship and grades obtained abroad will be converted to a Pass/Fail on the students' grades lists and do not count towards the weighted average (cf. art. 5.4.6 and art. 5.7.7)

Article 9.4 – Degree

1. Students who satisfy the requirements of the academic achievement assessment for the degree programme will be conferred the title 'Bachelor of Science in International Bachelor programme in Communication and Media' (BSc).
2. The academic title thus conferred will be specified on the bachelor diploma.

Article 9.5 – Bachelor degree certificate

1. The Examination Board shall confer a certificate as proof that the bachelor's examination has been successfully completed. One certificate per degree programme shall be conferred, even if the student completes more specialisations within a degree programme.

2. The Examination Board shall include a list of grades and the Diploma Supplement with this certificate, to provide insight into the nature and content of the degree programme completed.
3. If an honours programme, as referred to in Art. 5.8, is successfully completed, a separate certificate stating this shall be conferred.

SECTION 10 – STUDY PROGRESS AND STUDENT COUNSELLING

Article 10.1 – Study progress

1. The Dean and/or the Programme Director are responsible for recording the study marks in such a way that each student can receive an overview at least once a semester of the marks he/she has achieved on the classes and exams in the degree programme.
2. The course is viewed as a single unit for the purposes of determining study progress.
3. The relevant credits are awarded when the student has achieved a passing mark on a course or has been granted an exemption.
4. Credits are only awarded once for each course that a student passes, on the date at which the requirements for that course are completed.
5. Credits for external courses are only awarded if the courses have been approved pursuant to Art. 5.7 and the student has earned a passing mark.

Article 10.2 – Student counselling

1. The degree programme provides the introduction and student counselling to students registered for the programme, partly for the benefit of their orientation for potential study paths in and outside the programme.
2. The student counselling consists of:
 - An introduction prior to the first week of the academic year.
 - Group and individual counselling on potential study paths in and outside the programme, partly with a view to the career opportunities after the degree programme or with a view to following a master programme.
 - Group and individual counselling about study skills, study planning and the choice of follow-up courses.
 - The provision of referral to a more suitable degree programme for the student who, prior to February 1st of the year of initial enrolment, has deregistered for the programme.

Article 10.3 – Studying with a functional impairment

1. Students with a disability or a chronic illness are offered the opportunity to adapt their study, as far as is reasonably possible, to the restrictions determined by the disability or chronic illness. These adaptations will be aligned as far as possible to the student's individual functional impairment, but may not affect the course or the examination programme's quality or degree of difficulty.
2. Students should consult the student advisor and then submit a request to the Examination Board, accompanied by a statement from an authorised agency or specialist. In case of dyslexia, the [EUR Dyslexia Protocol](#) applies.

SECTION 11 – BINDING STUDY ADVICE (BSA)

Article 11.1 – The standard

At the end of his/her first year of registration for the degree programme, every student receives binding written advice about the continuation of his/her study. This study advice is issued by or on behalf of the dean. The study advice is issued during the first year of registration, after the final resits of the Bachelor 1 programme at the end of the academic year, but at the latest before the start of the new academic year.

1. At the end of the first year of study of the degree programme, the student ought to have successfully completed all Bachelor 1 programme components and obtained all credits. The total amount of credits obtained must thus equal 60 EC.
2. Students' study results are assessed in August and only after application of the compensation and resit regulations, cf. Art. 9.2 and 6.4. This means students may retake the written examinations for a maximum of three courses in the summer period in order to improve their final grades, and are allowed to compensate for two insufficient grades (at least 5,0) with courses graded with at least 7,0 and worth the same amount of credits.
3. If the student obtains 60 credits, he/she will receive a positive Binding Study Advice and may continue to the second year of study.
4. If the student earns less than 60 credits (0 – 55 EC), he/she will receive a negative Binding Study Advice, which equals rejection for the degree programme.
5. Based on personal circumstances as mentioned in article 11.4, the Examination Board may postpone issuing the Binding Study Advice for one year. The student should then meet the set standard one year later.
6. Students who deregister for the degree programme before 1 February during their first year of study do not receive a Binding Study Advice during that academic year.

Article 11.2 – Rejection

The Binding Study Advice may be used by the dean to issue a rejection on the grounds of Art. 7.8b, paragraph 3 of the Higher Education and Research Act (WHW), if the student has not yet passed all of the courses for Bachelor 1. A rejection will be issued if the student is not considered suitable for the programme, with due consideration of his/her personal circumstances, because his/her study results do not meet the standards as explained in Art. 11.1. The rejection shall apply for a period of three academic years. Consequentially, the student must quit the programme and is not allowed to enrol in this particular programme for three subsequent academic years.

Article 11.3 – Study progress monitoring

1. During the first year of enrolment, provisional advice will be issued at least twice by or on behalf of the Dean.
2. Further regulations for student counselling and study progress monitoring during Bachelor 1 are explained in the study guide of the degree programme and set out in the Rules and Guidelines of the Examination Board.

Article 11.4 – Personal circumstances

1. Personal circumstances that can be taken into consideration when issuing the Binding Study Advice are:
 - a) student illness, disability or pregnancy;
 - b) exceptional family circumstances;
 - c) membership of the University council, Faculty council, School management team or departmental Programme Committee;
 - d) other circumstances as outlined in Art. 2.1 of the WHW Implementation Decree (which refers to membership of the board of a student association of significant size).
2. Any student who can reasonably expect to incur some delay in his/her studies due to personal circumstances should report this fact to the student advisor as soon as possible, but ultimately within four weeks after they started and before July 1st. If a student comes forward after the 1st of July, he or she must be aware that in most cases these personal circumstances will not be taken into consideration for their BSA. Furthermore, all notified personal circumstances should be corroborated in the form of e.g., a doctor's statement, a mourning card or a letter with a contact number from close relatives.

Article 11.5 – Form and content of the Binding Study Advice

The study advice is issued in writing and consists of:

1. the standard that applies to the student in question, expressed in the number of credits to be earned in Bachelor 1.
2. the number of credits the student actually earned in Bachelor 1.
3. whether or not a rejection as referred to in Art. 7.8b, paragraph 3 of the WHW has resulted. If a rejection has been issued:
 - a) there is a statement that the student is banned from enrolling in the degree programme as a student for the following three academic years.
 - b) the option of appealing to the Examination Appeals Board is given, as well as the period within which the appeal must be submitted.

SECTION 12 – TRANSITIONAL AND FINAL PROVISIONS

Article 12.1 – Hardship clause

In exceptional individual circumstances, in which application of one or more of the provisions set out in these regulations leads to evidently unreasonable and/or unfair situations with regard to a student, the Examination Board may depart from the said provision(s) in favour of the student.

Article 12.2 – Appeal

Any decision taken by the Examination Board, including a refusal to make a decision, can be appealed to with the Examination Appeals Board (CBE) on the grounds of a conflict with the written and unwritten rules. This includes appeals regarding examination results.

Article 12.3 – Complaint procedure

In case of complaints, students are requested to follow the standing complaint procedure, which is published on the degree programme's website.

Article 12.4 – Amendments

1. Amendments to these regulations will be drawn up by the Dean, in a separate resolution, after approval of the Faculty Council and Programme Committee, where the Act so requires.
2. No amendments pertaining to the current academic year will take place, unless the interests of the students remain reasonably unharmed.
3. No amendment may disadvantage a student by influencing a decision about the student taken by the examination board in accordance with these regulations.

Article 12.5 – Announcement

The Dean is responsible for an appropriate announcement of these regulations, of the Rules & Guidelines established by the Examination Board, and of amendments to these documents.

Article 12.6 – Adoption and implementation

These regulations are adopted by the Dean after receiving the approval of the Faculty Council and Programme Committee, where such approval is required by law, and enter into effect on 1 September 2018.
